

The Chamber's Board of Directors has approved special terms for our low interest loan program for those impacted by the recent flooding. Loans of up to \$10,000 are available for a maximum 30-month term, interest only for the first 12 months, at a 3% fixed interest rate. The guidelines and application are attached.

Please feel free to provide this information to any impacted business or organization as appropriate. Current membership status is not critical, as we can incorporate dues into the loan. Questions or inquiries can be directed to me.

Thank you.

Fred Gaffney
